NIGHT PAVING ON SPAULDING TURNPIKE IN DOVER AND NEWINGTON

The New Hampshire Department of Transportation announces night paving work is underway on the Spaulding Turnpike in Dover and Newington.

This work involves 1.24 miles of the northbound lanes and 1.63 miles of the southbound lanes, including the bridge decks over Little Bay and ramps to Woodbury Avenue, River Road, the River Road turnaround (Exit 4), and the southbound-northbound turnaround.

Motorists traveling on the Spaulding Turnpike in Dover and Newington during nighttime hours should expect lane closures and minor delays.

Brox Industries, Inc., of Dracut, Massachusetts is the contractor for the \$976,000 project, which has also included night paving on Interstate 95 in North Hampton. The paving work is expected to be completed by mid-September.
